

Abdullah Kaleem

Software & Web Engineer

Email | LinkedIn | GitHub | Portfolio | Lahore, Pakistan

SUMMARY

I am a software engineering student at The University of Lahore, currently working as a Software Engineer at TutorOnTheWay.

EXPERIENCE

Software Engineer

April 2025 - Present

Tutor On The Way — Bahria Town, Lahore, Pakistan

- Developed and maintained a NextJS website with Firebase services on backend, to manage data, that handles students admissions, tutors & tuitions management & more administrative operations via a dedicated dashboard.
- Developed an internal tool for ToTw's specific use case in NextJS using React and MongoDB to manage Pay slips, Invoices, and Reports that are downloadable in PDF format ready to print or sent to intended user.
- Created and evolved Notion documents & databases to document, verify and execute internal processes to achieve ToTw's goal to 'Provide personalized quality education to every student'.

Senior Brand Manager

December 2024 - April 2025

Enorm Global — Remote

- Led the branding, design, and marketing strategies for Enorm Global.
- Created visually appealing graphics and marketing materials to enhance brand visibility.
